The News gives below the gross cost of maintaining the public roads in Clark county. This summary is from the very complete report made by the Superintendent of Roads, Mr. D. S. Haggard. Later The News will give the amount expended in detail as shown by the report. Upon the whole, the roads of the county are in good condition.

It costs to make the pikes free \$190,000, of this amount \$104,000 has been paid, and the money is on hand to redeem fifteen thousand more of the bonds when they are due next April.

The cost of the pikes from November 20, 1907 to and including November 20, 1908, is \$27,716.43 as follows:

Quarries and stone bought, \$1,251.60  
2919 rods of broken stone, 20,869.00  
Bridges and bridge repairs, 2,838.00

Of the above stone, 967 rods were put out from the crusher, that cost including the opening of the quarry \$7.53 per rod, or if the cost of opening the quarry is not added, \$6.35 per rod.

The dirt roads cost \$2,891.83.

## ARKANSAS IS SWEEPED BY FIERCE TORNADO

Many Dead Are Reported in Path Across State.

Russellville, Ark., Nov. 24.—Between 12 and 20 people were killed in a tornado which swept through the settlement of Piney, 10 miles west of here, and about 30 other persons were injured. None of the names of the dead or injured are known here, as only vague and indefinite reports have been received thus far. The tornado is said to have crossed the Arkansas river just north of Piney and timber tracts and a number of buildings were destroyed. Piney is located near London, where the reports stated so much damage had been done.

Late reports from Berryville are to the effect that no one was killed there, but that three were injured. It is reported at Van Buren that five people were killed 10 miles northeast of Mulberry and a number injured. Because of the remoteness of the towns mentioned from the railroad and telegraph only the most meager reports are available.

Dispatches also report that the towns of Waller and Jethro, in Franklin county, were practically demolished, and that several people were killed in each place.

### DOG SAVES LIVES

Of Family by Detecting Odor of Escaping Gas.

Hammond, Ind., Nov. 24.—A fox terrier saved the lives of Mr. and Mrs. Frank Lippell and their adopted son, Frank Sandendorf. A leak in a gas pipe while the family was asleep filled the house with the fumes. The fox terrier jumped on the bed and scratched Mr. Lippell's face until he aroused him from his stupor. He crawled to the door and asked neighbors for help. A physician found Mrs. Lippell almost lifeless. Desperate efforts were made to revive her, and it is believed she will recover. The son's condition is serious.

Bonaparte Files Appeal Papers. Washington, Nov. 24.—Attorney General Bonaparte filed a petition for a writ of certiorari in the supreme court of the United States, urging that court to issue a writ of certiorari to the circuit court of appeals for the Seventh circuit, to review the judgment of that court reversing the rulings of Judge Landis in the case in which the Standard Oil company was fined \$29,000,000 on the charge of violating the anti-trust law. The attorney general takes the position that the court of appeals was without jurisdiction when it reversed Judge Landis' decision.

### MINISTERS DISAGREE

With President on Religious Qualification of Candidates.

New York, Nov. 24.—In a resolution adopted at its meeting the Presbyterian Ministers' association of this city expressed disagreement with President Roosevelt's statement in a recent letter that refusal to vote for a candidate for high office because he is a Roman Catholic is "narrow, unwarranted bigotry." "It is clear," says the resolution adopted, "that the policy of the Vatican—the claim to supremacy in temporal things as well as spiritual—renders it inadvisable, on purely patriotic grounds, to vote into high office a man who holds allegiance first to the pope and then to the people."

### Sends Stork to Roosevelt.

Elwood, Ind., Nov. 24.—George Myers, an old-time trapper and fisherman of this city, has caught a fine specimen of the stork species, the only one ever seen alive here, and will send it to President Roosevelt. The bird is snow white and as large as a full grown turkey hen, having a bill or beak like a kingfisher. How the bird came to be wandering around in the swamps adjacent to White river, south of Perkinsville, where it was found in an apparent dazed condition, is a puzzle.

### Mexico to Combat Standard.

## Great Scott!

If our people don't know a good thing when they see it, no use of looking for people who do.

We mean this in candid sincerity, and we want to thank the people who have so generously heeded our solicitations for their work in the last six weeks.

We are now adding to our force at the rate of one man a day.

And now that the Tobacco money is soon to become a Prodigal Son, let's all put our shoulders to the wheel of prosperity, and show the world that Winchester is not only the home of the largest deals, but is the largest 10,000 city of this glorious America. And that the
